

HPC Project Documents

Documents to be submitted after viva (Before 25 May)

1. YouTube video (3 marks): Minimum 5 minutes and maximum 7 minutes of good audio and visual content explaining the project objective, method, demo, results, discussion etc. Video is preferred to be uploaded in the YouTube and make it public.
2. Submission of code to Github (1 marks): Full code with small description of the project and team members.
3. Social Media Posts in LinkedIn (2 marks): Share a small story and give links of code and youtube video in there. You need to tag CSE dept, Bennett university's and team member's social media handles in the linkedIn.
4. Presentation Slides - i.e. presentation used in final viva (3 marks): Good visual presentation with minimum 10 slides (for team details, problem statement, objectives, method, results, discussion, conclusion, references).
5. URL of Demo of the Project (No Marks involved but mandatory). Please screen record your working code and submit.

Form to submit the above documents is here. One submission per team is enough.

The name and photo associated with your Google account will be recorded when you upload files and submit this form
